SUMMARY

Aspiring SOC Analyst with comprehensive training in network security, threat analysis, and security operations. Cisco CCNA-certified with complete track completion, complemented by specialized Network Security training from NTI with 98% score (120 hours). Completed DEPI Information Security Analyst program covering security fundamentals, threats, vulnerabilities, and incident response. Hold MCSA Windows Server certification and HCIA-Big Data. Computer Science student (final year) with strong problem-solving background from ICPC competitions. Seeking entry-level SOC Analyst position to launch career in cybersecurity operations.

WORK EXPERIENCE

Network Security Trainee

National Telecommunications Institute (NTI) | Aug – Sep 2025

- Completed intensive 120-hour Network Security program
- Achieved 98% – Top performer
- Analyzed security threats and vulnerabilities
- Applied mitigation strategies and security controls
- Practiced network monitoring and basic incident awareness

Network & Routing Trainee (CCNA)

NTI | 2025

- Configured routers and switches using Cisco IOS
- Implemented VLANs and inter-VLAN routing
- Applied basic routing protocols
- Troubleshot networks using ping, traceroute & Wireshark
- Simulated environments using GNS3 & Cisco Packet Tracer

Microsoft Server Trainee (MCSA)

Microsoft Partner – Gold Learning | Jul – Sep 2025

- Installed and configured Windows Server
- Implemented networking services
- Managed Active Directory & Identity solutions
- Configured storage and compute components

Freelance IT Support & Networking

Remote / Egypt | 2024 – Present

- Provided IT troubleshooting for small businesses
- Assisted with network setup and configuration
- Performed system maintenance and support

Freelance IT Support & Networking (Entry-level)
Remote / Egypt | 2024 – Present

EDUCATION

- Computer science, 6 October, University (2022 – 2026)
- 4th year program
- GPA: 2.7

COURESES & CERTIFICATIONS

- **Cisco Certified Network Associate (CCNA)** – Cisco (2025)
  –Introduction to Networks
  –Switching, Routing & Wireless Essentials
  –Enterprise Networking, Security & Automation
- **MCSA: Windows Server Solutions** – Microsoft (Jul–Sep 2025)
- **Network Security Specialist (98% Score)** – NTI (Aug–Sep 2025)
  –120 Training Hours (90 Technical + 30 Soft Skills)
- **Information Security Analyst Program** – DEPI (2025)
- **HCIA-Big Data (40 Hours)** – Huawei ICT Academy (Sep 2024)
- **CIB Summer Internship (4 Bootcamps)** – CIB Bank (Sep 2024)
- **ICPC Programming Competition – 3rd Place (University Level)** (Aug 2023)
- **C++ Developer Training** – CISO Program (Mar 2023)

TECHNICAL SKILLS

- **Security & SOC: Threat** & Vulnerability Analysis, Security Controls, Incident Awareness, Packet Analysis
- **Networking:** Cisco CCNA, TCP/IP, VLANs, Routing & Network Troubleshooting Systems: Windows/Linux, Network Troubleshooting
- **Tools:** Wireshark, GNS3, Cisco Packet Tracer Software: Microsoft Office Suite (Word, PowerPoint, Excel)
- **Systems:** Windows Server (MCSA), Active Directory, Windows, Linux (Basic)
- **Programming:** C++, Java, HTML, Python
- **Productivity:** Microsoft Office, Excel

SOFT SKILLS

- Self-motivated
- Attention to details
- Ambitious
- Communication
- Commitment
- Curiosity
- Leadership
- Adaptability
- Freelance

LANGUAGES

- Arabic (Native)
- English (Advanced)
